Communication

- The best way to contact trainers and barn staff is **via text before 8 pm and after 8am**. Our ringers need to be turned up at all times in case of an emergency, so if after hours, please email ridetruecourse@gmail.com. We will reply if we are able. In case of emergency, please reach out at any time.
- True Course group communication is done within **GroupMe**. This is where general information regarding group lessons, show schedules, horse clipping, veterinary, barn community messages,

and other service visits etc. are communicated. Please download the app and contact Sophie Carlin to be added (614.593.9549)

Barn Community

- True Course offers snacks and water in the lounge for all riders. The monthly fee to participate is \$10 (or \$15 to include staff). This is a voluntary service offered by Kristi Carlin and payment goes directly to her. Please reach out to her or Sophie if you are interested. Participation is typically in 3-month increments.
- **Social Media:** Please follow us **@ridetruecourse** on both Instagram and Facebook. Both Jenna Rieder and Sophie Carlin manage the posts regarding birthdays, shows and much more. Please let Sophie know birthdays so they can be added to the calendar!

Riding Rules

- Rings are open for riding 8:00am-8:30pm daily.
- All riders must wear an ASTM/SEI approved helmet while riding.
- We strongly recommend a safety air vest. Please contact Sophie Carlin if interested (614-593-9549).
- Riders must be supervised by a trainer to jump.
- No lead changes during hacks!
- Horses must go into their stall before tacking up for lessons after coming in from the pasture or after a lesson to drink or go to the bathroom and cool down.
- Please pick up your manure after each ride and avoid riding through it. Please put back any equipment that was used during your ride. It is very helpful and saves time if parents or friends help clean up during lessons.
- Please make sure your horse is properly groomed (see below for grooming quick reminders in the show section) and that you wear appropriate riding gear while lessoning.

- Any rides other than the horses' owner must be approved by head trainer, Sarah. Due to the individualized programs of each of the horses, it is important that their training is consistent and deliberate.

Hacking Rules:

- No Jumping
- No Lead changes
- Pick up all manure
- Clean up! Pick up trash in arena, clean up cross ties/wash rack
- Put all flower boxes and poles back the way you found them
- Have fun!
- Lessons always have the right of way

Horse Care:

- Feeding: We feed twice per day—Breakfast is between 7:00am and 8:00am; dinner is between 3:30pm and 4:30pm.
- Night Check is done before midnight every night.
- Water: Each horse is provided with two 5-gallon buckets. These are dumped each morning, cleaned as needed, and refilled. Water is checked and refilled again mid-day and before dinner is fed.
- Hay: Hay is thrown 5 times per day.
- Stall Cleaning: Stalls are cleaned every morning and new shavings are added daily.
- All muck tubs in the wash racks, cross ties and arena are dumped each day.
- Turnout: Horses are turned out on a schedule, weather permitting. The proper turnout supplies should be in the stall baskets supplied by the client: turnout boots, fly masks/sheets, fly spray etc. Horses are only turned out with other horses if deemed safe by the Sarah and the owner.

- Horses that are not turned out due to injury or weather will be hand walked, ridden or STO by staff based on the planned schedule using the supplied equipment. No horse will stand in their stall all day. Please be sure to communicate if you are not able to come out on a day that you are scheduled to.
- STO (Supervised Turn Out): Arrangements must be coordinated on either the turnout board or the specified white board for all STOs in the arena. Horses can be added to the STO schedule weekly (when outside turnout is not an option) but no more than 3 times per week unless approved by Sarah. These are days when you are typically not at the barn. Unscheduled requests must be made 24 hours in advance if possible – please let barn staff know in a timely manner.

Blankets:

- True Course will blanket your horse appropriately for turn out and weather. Each Horse should have the recommended cold weather blankets provided by the client and sized appropriately for their horse. All blankets are to be hung outside the stall when the weather starts to turn. Recommendation: Baker sheet, Baker medium, heavy all weather (brand of your choosing), and an all weather turnout (brand of your choosing). Heavy and turnout should be interchangeable as needed. A blanket chart is located throughout the barn for reference on which weight based on outside temp. Please redress your horse accordingly after riding. All blankets **MUST** be tagged using a waterproof/washable with name, blanket weight, and size.
- Every spring, True Course staff will arrange blanket cleaning with a charge. We will charge a pick up and drop off fee, as well as an extra fee if blankets are not bagged or tagged for pick up. After cleaning, blankets may be stored in a tub in the middle barn. Please again make sure everything is labeled!

Propane:

- During the colder months when propane is being used, the bill will be split evenly between all clients. This charge will appear on the board bill. Please use this if needed and be mindful of turning it off when leaving.

Veterinary Care:

- Leah Smaller and True Course schedules all Vet appointments. They have trusted **Dr. Mike Schmall, DVM** to care for their horses for decades. We will either use him, or any vets that are recommended to us by him. Please contact Leah and Sarah if you need to schedule vet care.
- True Course also schedules all vet administered vaccinations, lameness exams, worming, and any other regularly scheduled vet services needed.
- All horses at True Course are on an EPM prevention protocol so please talk to Sarah and Leah about what option is best for your horse.

Farrier Services:

- Sarah Ash and True Course uses **Jonathan Wilson** for all shoeing. We strongly encourage that horses are shod every 4-6 weeks or as needed. Please contact Sarah with any questions.

Other services:

- **Clipping:** A properly trimmed horse is necessary when attending a horse show as well as for the comfort of the horse in hot weather. Please contact Katie Buckner from True Course to arrange clipping services as well as show trims. Please also join the Clipping Group on GroupMe (contact Sophie to join). Katie will

send a detailed schedule when it is time for horses to be clipped. It is a very specific trim, and some horses need to be medicated and coordinated with the vet. Please do not try to clip your own horse unless it is cleared by the training staff for safety reasons.

- **Dental appointments**—these are arranged by Leah Smaller to be performed by trusted professionals. Please reach out to her with any questions or concerns.
- **Therapeutic Care:** Chiropractic and massage therapy etc. are also scheduled separately and cleared through the training staff.
- True Course reserves the right to charge a holding fee for some services if necessary.
- True Course offers multiple in house therapies, which are strongly recommended at horse shows. These therapies include a nebulizer treatment, Equivibe, and Beamer. These services come in different packages, including weekly show packages, or monthly. Please contact Sarah regarding prices on in horse therapies.
- **Supplements:** Many clients work with Smartpak for horse supplements. Please reach out to our contact: Rachel (774-608-6072) to identify what would be best for your horse. These are billed directly to you, shipped to the barn in pre-portioned strips, and very convenient for the staff.

Barn Laundry:

- Please do not use the barn washer/dryer to launder your horse blankets as the machines are not made for this type of washing.
- Other riding laundry: clients are welcome to use the barn washer/dryer and detergent for all other horse laundry like saddle pads, wraps, towels etc. Please separate laundry into the appropriate baskets and please do not overload the washer and be mindful of keeping the laundry room clean and tidy.
- Anyone is welcome to switch over the laundry if they notices the cycle is complete.

Lessons and Training:

- All lessons are scheduled individually with Sarah, Michaella, Leah and the training team.
- True Course requires all clients to participate in the training program.
- All riders should arrive 30 prior to their lesson to tack up their horse and warm up in the arena 5-10 minutes prior to start of the lesson.
- After the lesson, please allow your horse to cool down.
- If you need to cancel your lesson, please notify your trainer 24 hours in advance if possible. Trainers reserve the right to charge for the lesson if notice is less than 24 hours.
- Only True Course trainers ride/train you and your horse while in the program to keep training consistent (unless pre-arranged).
- In the training program, mandatory schooling rides happen once per week and clients are assessed a \$10 grooming fee for tacking assistance.
- When planning a vacation or out of town, please arrange a schooling ride with Sarah.
- True Course asks that only owners, trainers, or approved riders (by trainer) can ride other client's horses.

Buying or Leasing a Horse:

- Our head trainer, Sarah Ash, is available to discuss leases, half leases, purchasing, or trades for a horse. Please set up time to talk with her about finding the right horse for you. Commissions are 15% of the sale or lease price and total trade value. We do our best to work within your budget.

Use of True Course Horses and Equipment:

- We provide school horses and equipment (saddles, pads, and tack) for riders to use who do not have their own. Please use the following guidelines:
 - Always care for your horse completely before and after your ride. Plan to spend at least 30 minutes before and after the lesson. This includes picking hooves, currying, brushing, bathing, grazing, and re-blanketing.
 - Before riding, please make sure your horse is wearing the correct, clean tack and equipment.
 - After riding, thoroughly clean all bridles and tack and return them to the schooling locker, properly tied on the correct hook. Please make sure all other supplies are back in the bins and properly stored in the locker.
 - Always ensure that the horse is cool and comfortable before returning to their stall. There should be no bridle or saddle sweat marks.
 - Place all dirty rags and saddle pads in the laundry hamper in the laundry room.
 - In the cold months, please re-blanket your horse based on the weather for the coming day or night. Consult the blanket chart, white board, or ask a staff member if unsure.

Billing:

- Board: True Course will bill each month on the 20th for the month prior and payment is due on the 1st of the month.
- True Course Bill: Billed each month on the 1st of the month and due on the 15th. This bill consists of lessons, show expenses (training/care), schooling rides + grooming (Michaela), clipping, medications, in house therapies...etc.
- True Course reserves the right to add a late fee for past due invoices.

- Services billed separately: Veterinary, Farrier, therapeutic services, hauling etc. are all sent directly to the Client either via mail, email, or dropped at the barn.
- Tipping: Please tip your grooms, they work hard at the horse shows! This is not included in the show bill and should be paid separately (see horse show guidelines below).

True Course Horse Show Guidelines:

Program Details:

- Upon entering the True Course show program (purchase or leasing a horse), all clients must contribute to the show supplies. An \$80 one-time fee will be assessed to purchase: 2 water buckets, one feed pan, 1 blanket bar, 4 clips, 1 6" halter hook, and zip ties. In addition each rider will need to contribute: 1 Fan, and 1 set of wraps etc. (please see below for full list)
- A \$50 yearly replenishment fee will then be assessed to refresh the show supplies.
- Trunks: True Course uses a custom vinyl trunk with our custom colors, name and logo. This can be purchased through Lyn at shop@exquisite-equestrian.com. A stand and matching cover is also required.

Horse Care at Shows:

- Jake Del Greco manages all horse care while on the road at a show. There are a few levels of service offered:
 - **Assisted Care at \$70/day**—this is recommended for a more “hands on” experience with your horse. This includes any assistance if needed, daily hay, grain, meds, water, stall cleaning twice per day, wrapping legs/unwrapping, unbraiding, lunging, setting up and breaking down of the

show equipment and night check. The rider is expected to: tack and untack horse, clean/ put away tack, saddle, and supplies as well as clean and tidy area and tack stalls.

• **Full Care at \$100/day**—Everything will be done for you.

We must know if this is your option prior to going to the show for staffing. This is recommended for first time showers, and clients with multiple horses.

• **Training for horse only** (no rider)- \$80/day with full care.

• For smaller shows or finals— (3 horses) Full care will be required for \$100/day. For less than 3 horses, the full care is \$125/day for the length of the show.

Show Billing:

• Show expenses, training and care, lessons, schooling, clipping, medications, grooming, in house therapies, etc. will be billed on the 1st of the month and payment is due by the 15th.

The following are billed separately:

- o Transportation
- o Braiding (to be paid on Saturday of show directly to braider)
- o Show fees for classes – bring a checkbook! For shows that accept credit cards, there is a transaction fee.

• **Community Supplies:** There is a \$25 per show/per horse fee that will be charged to keep our supplies in stock. If you have a special request or questions/concerns about a product, please speak to Jake. If we are out of items on our supply list, please let us know and they will be replenished. If anything in the community supplies is damaged, the owner of the horse who damaged it will be responsible for replacing the item.

• **Horse care staff expenses:** These will vary by show. They are split evenly between all Client's horses. This includes hotel (or camper), food at \$40/day per staff member, gas, parking, tolls, etc.

- If a camper is used instead of a hotel, the cost will be \$125 plus camper spot fee. This is comparable to hotel costs, and you will be notified if this changes.
- We often have a working student as part of our show staff. At horse shows where eight or more client horses attend, the working student's horses share of expenses will be included within the staff expenses split. Trainer and qualified working student horses will never be put into hotel/food/etc. but will pay for their hay/tack stall expenses. If you would like to learn more about working or becoming a working student, please reach out to Sophie Carlin directly.
- **Tipping:** We strive to give you the best care and expect our grooms to be awarded appropriately. Tipping is generally 15%-20% of the horse care bill (just like in a restaurant) and we recommend that all tips go directly to Jake Del Greco to split among the group.
- Please contact **Jake Del Greco at 614-312-9883** for any questions.
- Sophie Carlin assists in the management on the road as well. for any medication, scheduling, entry or hauling questions, please reach out to her (614.593.9549)

Pre-show check list:

- **Consult the horse show schedule** provided by the trainers located by the office in the lounge and look for shows that you may want to attend. Please consult with your trainer as well for guidance.
- Reach out to **Sarah Ash** with your choices as soon as possible. Many shows require a stall reservation and early planning.

- If the show is out of town, arrange accommodations. Other barn families or trainers can help with ideas on where to stay.
 - **Horse Prep:** Look for communication on **GroupMe** for clipping schedule or reach out to Katie Buckner for scheduling. All horses should be sent to the show clipped and clean!
 - **Memberships:** Riders (and parents) and horses should become members of OHJA (Ohio Hunter Jumper Assoc.) which is a yearly renewal.
 - Riders and horses should also become members of USEF and USHJA (unless an Opportunity rider) as well as any other organizations based on goals. Please ask your trainer for information regarding memberships. Most are yearly renewals.
-
- **Week before the show:** organize and prep for the transportation to show.
 - Horses typically leave on the **Monday before the show** (Tuesday for Brave Horse), and everything should be ready to go the night before. Trainers will notify the group if this changes.
 - **Pack your trunk** with all clean and correct tack (bridle, martingale, girth, faux tail (if needed), grooming supplies, scrims, coolers, boots, special equipment etc. It travels with your horse and needs to be ready for the training rides prior to your arrival. Please provide any lock combos for your trunk to the training staff beforehand. If you are packing your own medications, please make sure these are in your trunk and ready to go with your horse on Monday.
 - **Saddle** should be clean with cover on and placed on top of the trunk. It also travels with the trunks to the show.
 - We reserve the right to charge \$20 packing fee for unpacked trunks and equipment. Please contact Sophie or Leah (708-362-2089) for any specific packing questions.

- Please make sure if you have a grey horse, it is bathed as close to show as possible.
- **Riders** (and/or parents)—**don't forget your checkbook!** All shows take checks as credit card fees are very high at most shows.
- **Rider** brings boots, helmet, show clothing (recommend a garment bag), water bottle and any other personal supplies needed.
- If you need to **cancel** a horse show after the closing date, you will still be charged your stall fee, and often a scratch fee. Certain shows also charge a non-showing fee, and you will be expected to pay for split expenses, so the other clients do not get penalized for your cancellation.

Medication at Shows:

- **Vet accounts for shows:** Please open accounts at **FarmVet**
- All horses get ulcer treatments and other pastes at the show. We will recommend pastes based off your horses' workload and performance. These will be purchased for you by Sophie. If you have your own supply, please let Sophie know beforehand, in writing. If Sophie is unaware, additional pastes may be purchased. Sophie will bill out any pastes used at the show.
- Trainers reserve the right to make any medication decisions regarding your horse if needed but please feel free to consult the training staff for any questions or preferences.
- No one will medicate their own horse.
- True Course training staff will pack and bring all medication and supplements for your horse to the show.

General Show Guidelines:

- **Show Attire:** All riders must attend the shows with the appropriate show attire. Please ask your trainer if there is a question about show clothing.
- Clothing, boots, and helmet should be clean and polished, hair must be either in a hairnet or braids with bows (for younger riders).
- We strongly recommend True Course logo merch or TC colors for all equipment (black, green, and white). No loud colors or tank tops. Please check out our shop by Fuzion that comes out a few times a year for branded merch!
- Garment bags for show clothes and boots can be stored/hung in the tack stall.
- **Grooming at shows:** Grooming is expected to be at a certain level. Horses must be groomed, riders dressed, clean boots/tack, and mounted (with show number on back) 10 min prior to leaving for the show ring. Riders will warm up and school prior to entering the show ring.
- **Braiding:** Our trainers usually choose to braid manes and/or tails for the horse shows depending on the class. Braiders will braid for the show overnight and leave invoice totals on the show white board on the Saturday of the show. It is your responsibility to pay for the service and most take checks or Venmo. Please make sure your faux tail is out of the bag and hanging on the stall for the braider the night before with a tail wrap.

Equipment and Supplies:

- Riders must have the necessary items needed, such as ear puffs, boots, brushes, and supplies while at the show (as well as at home). Please keep everything clean and organized so it is easily accessible when needed. We recommend keeping all of these items in your trunk. If your horse required special items such as hoof packing, fungus shampoo, etc., these are required to be

supplied by the owner, as these are not a part of community splits.

- It is helpful to have a “ring side bag” with supplies like water, towel, wipes, boot polish, extra equipment if needed to be with parents or helpers at the show ring.
- All horses must have some type of boot to prevent injury like front or back boots or polo wraps. These will be used when schooling and hacking at the shows. Hunters do not show in these, but jumpers and equitation horses do. Please consult either Sarah or Michaela if there are any questions or if you need a recommendation.
- Other equipment you might want (please keep to TC colors): Risers, Ogilvy’s, Equifit Half Pads, Boots, Saddle Pads, Bonnets. If you have personal items that you do not want shared, please make sure that these are kept in your trunk!
- All equipment and supplies should be put away and trunks (and trunk area) should be clean and tidy after showing.
- Please label, tag, or write your name on all personal supplies so they can be returned if lost. All tack **MUST** be labeled, as well as halters. We will not be responsible for lost items that are not labeled.
- True Course does supply horse show equipment for the riders to use including show pads, schooling pads (with logo), boots, polos and risers. Please treat this as your own and return it clean and organized.
- All bridles, girths, and saddles are to be cleaned after showing and placed on the storage hooks in the tack stall. Saddles should be covered with stirrups up and saddle pads are to be air dried or placed in the hampers for cleaning.
- We expect all riders at the show to sweep up the cross ties and keep your stuff tidy.

- Community grooming supplies supplied at the show: Brushes, hoof picks, combs, moisturized, fly spray, show sheen, seam rippers, tail wraps, purple shampoo, Ivory soap, gloves, hoof oil, sweat scraper, bath bucket/sponges. Please notify the staff if something is low or empty.

General Info:

- Please get direction on hacking (duration, how often, what to work on...etc.) and NO LEAD CHANGES! Practicing this incorrectly and without supervision can create more anxiety and will not help in the future.
- If possible, we recommend that you walk your clean horse with a scrim or cooler in the mornings to stretch its legs at the horse show.
- Please do not leave your horse unattended in the stall with a scrim or cooler on.
- **True Course staff will take care of: Lunging, un-braiding and wrapping. Please do not take advantage of these services and be respectful to staff. If you would like to wrap or unbraid, please let us know, help is always welcomed and appreciated. Let a staff member know when you are done showing so the horses can be unbraided. Please be timely in cleaning your horses' legs so staff can wrap. Tipping is strongly recommended!**
- Therapies: Nebulizer treatments, beamer and equivibe packages are available at horse shows. The nebulizer will be done by staff members if you choose to have your horses treated. Beamer and Equivibe treatments must be done by the owner/rider. True Course staff will not administer these therapies unless the horse is on full care. Please reach out to Sarah for pricing on therapies.
- All riders must attend shows with a positive attitude and proper behavior. You represent us as we represent you.
- Please be kind and supportive to your fellow riders. Social media should be only about positive messages. Please, do not

post negative or hurtful messages or anything injury/medical related about a rider or a horse.

Grooming quick reminders:

- **Products we recommend**

- o Ear Puffs (if needed)
- o Specific Boots (if needed)
- o Flick Brush
- o Soft Brush
- o Curry Comb
- o Mane Brush
- o Tail Comb Hoof Pick
- o Fly Spray
- o Other sprays you may like (show sheen, moisturizer, etc)

Tacking up or leaving the stall

- o Grey horses or dirty areas must be bathed in the AM with bathing supplies (quicksilver silver shampoo for grey areas)
- o Pick hooves
- o Curry
- o Spray Moisturizer, Vetrolin, Laser Sheen, etc.,
- o Flick brush
- o Soft brush
- o Brush mane to right side
- o Show sheen in tail
- o Brush tail gently bottom to top (only brush at shows!)
- o Wipe hooves clean with water & scrub
- o Hoof oil
- o Trim whiskers if needed
- o Baby wipe nose and ears
- o Ear plugs if needed

Untack

- o If a bath is needed, please rinse until all the sweat is off, use shampoo if needed (do not use too often as it dries out their coat). Sweat scrape and then towel dry legs and face. If a horse does not allow for you to hose their face, use a wet sponge to get dry sweat or a curry comb. Try to avoid putting a wet horse in their stall, try and graze them with fly spray or use a fan.
- o If dry, curry dry sweat thoroughly, brush, pick hooves
- o Clean and wrap up tack
- o Legs washed thoroughly after every ride if not doing the entire body.
- o It is the rider's job to ensure a horse and tack is put away correctly.
- o Make sure ear plugs are taken out!

When schooling we strongly recommend

- o Front boots or polos (Equifit or plain black polos)
- o Back boots (if needed)
- o Half pad (black or green Equifit no slip half pad)
- o Barn baby pad

When showing we use/recommend

- o Wilkers, EquiFit or EcoGold hunter show pad
- o Personalized Products barn jumper pad
- o Half pad (if needed – see above)

Jobs Guidelines – Trainers/Staff vs. Client

My Job: Prepare a yearly show schedule

Your Job: Tell me which shows you will attend as early as possible

My Job: Entries (except for finals)

Your Job: Check entries and pay show bill, braider, and splits if applicable at the end of every week

My Job: Be at the ring on time

Your Job: Keep me updated on your ring – I do not have time to consistently check every ring and/or class

My Job: Set out medications and supplements

Your Job: Have accounts at Farm Vet, etc., and or have purchased and put in your trunk. We must know prior to the show if pastes are already in your trunk.

My Job: Haul saddle and trunk

Your Job: Pack trunk with **clean and correct** tack and ask when trailer is leaving and leave saddle on trunk – let us know if you are bringing saddle yourself (the trailer typically goes Monday morning, but always check!)

My Job: Organize braider

Your Job: Pay braider Saturday AM via check, Venmo or cash

My Job: Organize hauler

Your Job: Send a well-groomed, clean horse with clean tack that's ready to be used in the show ring, and pay when bill is received.

True Course Sponsors:

True Course is proudly sponsored by the below vendors. Please let them know you are with True Course and Sarah Ash/Michaella Gerlacher/Leah Smaller. Please also feel free to tag all on Instagram and Facebook!

- **Chagrin Saddlery – Dana Miller (440) 708-0674**
- **Equifit – Amanda Terbrusch Aterbrusch@equifit.net (917) 683-1069**
- **Perfect Products**
- **CWD – Vassily Bernaille (614)783-6836**
- **Fratelli Fabbri**
- **Flex-On Stirrups (riderzon.com)**
- **Samshield (riderzon.com)**

Horse Insurance: Michaella Gerlacher is now a licensed agent with Taylor Harris Insurance Services. We strongly recommend insuring your horse through her services. Please reach out to her for more information!

Purchasing Items for Horse or Rider:

- Below is a comprehensive list for new riders of essential items to purchase! As we are proud to be sponsored by **Chagrin Saddlery**, many of your products can be purchased there at 10% off and free shipping. If you purchase anything EquiFit, please send your receipts to Michaella!

For Home:

- Schooling boots (EquiFit essential boots/polos)

- Bell boots
- Blankets (see blanket section for detailed info!)
- Turn out boots
- Grooming supplies
- Half pad
- Schooling tack - EquiFit essential girth recommended
- Schooling pads - Ogilvy, Wool, Gel, EquiFit
- Fly spray (one for stall, one for locker)
- Fly mask
- Fly sheet if needed
- Bit
- Tags for bridle and girth
- Halter (leather or breakaway with correct tags!)

For Show:

- Show tack and girth
- Trunk with Stand and Cover
- Bit
- Approved safety equipment including a nice helmet and safety vest
- Optional:
 - Scrim (Personalized Products – True Course on barrel and last name on the front shoulder)
 - Cooler (Personalized Products – Same as Scrim)
 - Stall Guard (Personalized Products - Logo in the middle, last name on bottom right)
 - Rainsheet (Personalized Products – Same as scrim)
 - Personal hunter or jumper pad or bonnet (Personalized Products or EquiFit – mention True Course)

Recommended:

- o For EquiFit boots or polos (Aterbruch@equifit.net)– please mention Michaella, Sarah and True Course

- o CWD saddles
- o Fabbri Boots
- o Baker sheet and medium
- o Amigo/Rambo/Mio/Smartpak heavy and turnout – no loud colors

Horse Show Community Supply List:

- As part of the \$80 one-time fee per horse, and prior to attending a show, your horse will need to get all the supplies they need. This will go on your first care invoice. We do not mind picking all this up at FarmVet to ensure it all matches.

- 2 ea- Plastic Black Buckets
- 1 ea- Black Rubber Feed Pan
- 4 ea- Double Ended Snaps
- 1 ea- 6” Silver Halter Hook
- Zip Ties

Separate:

- 1 Set of Wilkers Wraps (4 total)
- 1 Lasko 20” High Velocity quick mount fan in black---Amazon
- 1 Outdoor Extension Cord – Amazon

Please see next page for Price List!
